## *General information*

**Talent, experience, and versatility are key ingredients to the success of this highly popular New Orleans based band. “The Strangers” entertain with precise performances of your favorite dance hits from all eras. Two dynamic lead vocalists combined with a powerful musical ensemble provide an exciting experience in live entertainment. “The Strangers” are the perfect choice for your event.**

Here are some facts about the way the strangers approach providing entertainment for your event.

- The band dresses in tuxedos as shown in the promo photo.
- Crew members are appropriately attired; dress shirt and tie.
- The band only takes one break during a 3 hour event.
- Volume is always maintained at an appropriate level. The band has two separate sound systems and will use amplification appropriate to your venue. The speakers are aimed to concentrate the music on the dance floor. The band makes sure that the guests at the table closest to the sound system can conduct a conversation without shouting or discomfort.

For Wedding Receptions:

- During the break one of the singers will call names for the cake pull and M.C. the garter and bouquet throws, complete with a dramatic drum roll, in coordination with your photographers.
- Special music for the bridal dances is provided either by the band playing the requested songs or by playing a CD or tape of your special songs.
- The bride and groom are welcome to select specific songs from our play-list to be performed during the reception. Or you can tell us certain songs you don't want played. For example some folks like line dances while others despise them. It's your party, you're the boss. On the other hand, you can leave the details to our decades of experience to keep the party jumping.
